

Lung Cancer Nurses & Thoracic Group

Educational Event

'Lung Cancer – horrible history, bright future'

Friday 15th October 2010 at the Thackray Medical Museum

“ Learning Outcomes:

- ❖ *To explore the complexities of the lung cancer diagnosis pathway*
- ❖ *To present a range of treatments and support to patients diagnosed with lung cancer*
- ❖ *To celebrate the achievements of those involved in improving the support for lung cancer patients*

”

“ Who is the event aimed at?

Anyone in the region involved in managing patients with lung cancer may benefit from attending the day.

The event will highlight the importance of shared care between primary and secondary health care professionals and is aimed at community practitioners, as well as hospital workers.

”
